

Fact Sheet

by International Relations Office

For Partners

Admission procedure for exchange students coming to the University of Antwerp includes 2 mandatory phases:

1. Nomination by the HOME INSTITUTION

The home institution nominates the students coming to the University of Antwerp.

The procedure on how to nominate students will be sent out to our partners each year by email.

Nominations are only accepted within the deadline

2. Application by the STUDENT

The student submits the application to the University of Antwerp in the online management system 'Mobility-Online'

All applications are processed on an ongoing basis. In general students receive an email with the decision within 6 weeks, after the application deadline. Once accepted as an exchange student, they can print out the acceptance letter from their workflow in Mobility Online.

Students who require a visa to study in Belgium will receive an official invitation letter via email. If necessary, the letter can be directly sent to the embassy via email.

Attention!

Attention for Erasmus Study:

As per the guidelines of the Erasmus programme we don't accept paper or PDF versions of the Learning Agreement anymore, but only work with the new Digital Learning Agreement.

In case of **practical trainings and research**, a **specific policy** applies for the following faculties:

1. Pharmacy/Biomedical/VET Sciences
The same nomination and applications deadlines apply for practical training as for study exchange.
2. Medicine & Health Sciences
April 15th & May 15th are the only deadlines. If you apply at a later stage, positions might be filled up.
3. Science and Applied Engineering
Students should have a fully signed Training Agreement at least 2 months before the start of their exchange period. No applications will be processed in July and August.
