The ideal candidate will have a high affinity towards sustainability and a strong desire to make a positive impact on the environment.

Duration: 3 - 4 Months

Location: Essen, Germany. Hybrid work environment.

Responsibilities:

- Research and analyze recycling challenges in Germany
- Develop innovative recycling methods for home articles
- Quantify carbon emission reductions for each recycling process
- Assist in warehouse optimization and setup of ERP system
- Support packing and shipment processes
- Create and execute social media campaigns promoting sustainability

Requirements:

- High enthusiasm for sustainability and eco-friendly living
- Student enrolled to university in Germany
- Ability to communicate in English is mandatory
- Good German speaking skills is nice to have but not necessary
- Knowledge in supply chain management is a plus, but not required
- Proficiency in graphic design tools such as Canva or similar
- Photography or Videography with editing skills in capcut or similar could be an added value
- Previous experience in social media marketing or content creation is a plus, but not required

Wanna make impact with Circular Economy ?

Benefits:

- Flexible working hours and remote work option with compensation
- Opportunity to gain hands-on experience in circular economy, supply chain, social media
- Potential for future career growth and opportunities within UGOBEL

About Us

Ugobel is a young startup based in Essen supported by Gründersstipendium NRW, focused on sustainable home solutions and committed to revolutionizing the way individuals furnish their living spaces through circular economy. Our journey began with a vision to empower students and professionals with eco-friendly, affordable, and convenient home setups. We are an international team and we encourage different cultures and social inclusion. Visit www.ugobel.de for more details.

How to Apply:

If you are passionate about circular economy and eager to make a positive impact, we'd love to hear from you! Please send your resume and a short text about why you're interested in joining UGOBEL to info@ugobel.de
