

“Studienbescheinigung”

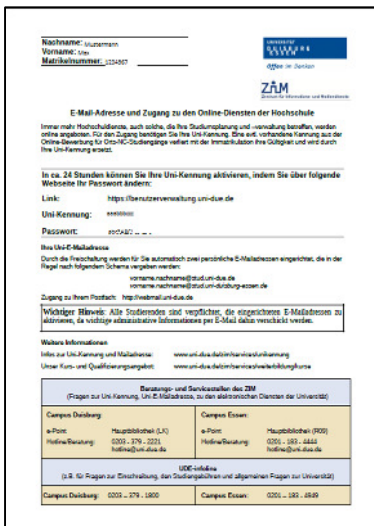

This is your confirmation of enrollment as a student. Yours is not currently valid because the semester contribution (fee) has not yet been paid.

Please wait a week after you have paid your fees, then log on to the HIS Online Portal. Here you can update your address and print copies of the valid “Studienbescheinigung”.

“Überweisungsträger”

You must pay the semester contribution by bank transfer within two weeks. You cannot pay in cash. If you don't yet have a German bank account, you can transfer the fees from a foreign account (please note that you might have to pay extra charges) or ask a friend with a German account to make the payment for you. You must enter your Student ID number (“Matrikelnummer”) as the payment reference so that the university can book it to your account.

“Uni-Kennung” and E-Mail Address

This information enables you to activate your university login and choose a new password. You can also set up your UDE E-mail address.

There are contact details at the bottom of the page in case you have any problems.

“Semesterticket”

This is a hard copy of your public transport ticket. Most students also download the MyUDE App and have a digital version on their smartphones. You must have a valid ticket and photo ID in order to travel.
