

**Lecture plan Biochemistry 2010**  
**Tuesday 13-15 h MG272**  
**(BA Semester 5)**

|          |                              |         |
|----------|------------------------------|---------|
| 20.04.09 | Polysaccharides, Lipids      | Siebers |
| 27.04.09 | Nucleic acids, Proteins,     | Siebers |
| 04.05.09 | Protein – function           | Siebers |
| 11.05.09 | Cell wall, Cytoskeleton      | Siebers |
| 18.05.09 | Enzymes and enzyme kinetics  | Siebers |
| 25.05.09 | No lecture (Pfingst Holiday) |         |
| 01.06.09 | Metabolism I                 | Siebers |
| 08.06.09 | No lecture                   |         |
| 15.06.09 | Metabolism II                | Siebers |
| 22.06.09 | Methods I                    | Siebers |
| 29.06.09 | Methods II                   | Siebers |
| 06.07.09 | Methods III                  | Siebers |
| 13.07.09 | „Wrap up session“            | Siebers |
| 20.07.09 | No lecture                   |         |
