

Workshop

Detect & react: Managing inappropriate behavior confidently

Monday, November 18

Room: NETZ 2.42

Start: 9:30 a.m.

Speaker: Kathrin Hombach

In this interactive workshop, you will learn how to identify and effectively address inappropriate behavior in the workplace. Through real-life scenarios and exercises within smaller groups, we will explore practical techniques for recognizing early signs of misconduct, setting boundaries, and confidently intervening when necessary. You will leave equipped with the skills to handle difficult situations professionally, fostering a respectful and positive work environment.

- * Definition of questionable behaviour: what are my personal limits?
- * Analyzing real-life situations
- * Strategies for dealing professionally with questionable behaviors
